

You know you're **ready** for something different.
*You're just not sure what **different** looks like yet.*

Career Catalyst

Strategic Navigator

You don't need more career options. You need a way to decide which ones are worth pursuing.

Career Catalyst helps you understand what you want next, identify the experience and skills worth carrying forward, and build a practical roadmap from where you are to where you want to go.

Does this sound familiar?

You've outgrown the career that got you here.

You can see several possible directions, but none seem obvious.

You have valuable experience, but aren't sure how it translates

You don't want another job. You want your next move to be intentional

Career change doesn't start with a job search. It starts with clarity

Career Catalyst: Strategic Navigator is a structured career-planning program designed to help you understand where you want to go, what you already bring, what gaps stand between you and your goal, and what to do next.

Action

A structured process built around you.

Discover

Clarify your values, strengths, skills, energy, and what you want for the next chapter.

Envision

Define a compelling future that considers your career and the life you want to build around it

Navigate

Identify the gap between where you are and where you're going, then build a roadmap

Move

Turn the roadmap into action, review what happens, and adapt and keep moving forward.

The goal isn't intended to make you dependent on a coach.

Career Catalyst gives you a repeatable system for evaluating choices, taking action, and adapting as circumstances change, so you can continue navigating long after the program ends.

At the end, you'll have:

A clearer picture of what you want next • A future vision grounded in your priorities • A three-year direction • A one-year roadmap • Your first 90 days of action • A system for reviewing and adapting your plan

The Program: ~10 hours of guided coaching scheduled to meet your schedule

Not sure what comes next? Let's talk.

Schedule a free 30-minute discovery conversation. No pitch. We'll talk about where you are, what you're considering, and whether Career Catalyst makes sense for you.
